Why do you create? [150 words] *

A few aneqdots about me:
In 6th grade I was

If your favorite medium of creating was taken away from you, what other medium *
would you turn to? [100 words]

The most fulfilling medium I enjoy is product design. I think any artistic expression boils down to having an impact on the world outside of yourself, and creating a successful product has the potential to reach billions. I also love physical product design (robots in high school, maybe a minimalist digital matrix wall lamp for my apartment this semester?)

If I lost this medium, I would continue to develop my photography and videography hobby. I take headshots <https://btphotography.app> and I really enjoy editing with respect to the color tones. Here's a robotics video (from high school :)

As a Shift creator, what project(s) would you be excited to work on? [150 words] *

Your answer

Teach us something cool that you know a ridiculous amount about. *
(e.g. fonts, sneakers, your meticulous JavaScript style guide, insects, theme park scents)

Your answer

Please provide a link(s) that showcases your work - we want to see what you've made in the past. Note: This can be a link to your resume, portfolio, blog, photos, dribbble, github, etc *
